Policy Conditions

- 1. Notice of loss.** The named insured must give prompt notice to the company or its authorized representative of any accident, occurrence, or loss for which coverage is sought under this policy. The date of loss recorded on the First Notice of Loss form establishes the start of the claim period; repair estimates, invoices, or supplements dated *prior* to the date of loss are presumed to be for pre-existing damage and are not covered under this policy.
- 2. Vehicle identification.** All claim documents, including police reports, repair estimates, and shop invoices, must reference the Vehicle Identification Number (VIN) shown on this Declarations page. VIN discrepancies will be flagged for special investigation.
- 3. Reasonable and necessary repairs.** The company will pay only the reasonable and necessary cost to repair or replace damaged property with material of like kind and quality, subject to the applicable sub-limit and deductible. Itemized estimates with line-item totals are required.
- 4. Required supporting documents.** For collision losses with claimed damage in excess of \$2,000, the named insured must submit: (a) a completed First Notice of Loss form, (b) a copy of any police report filed for the incident, (c) an itemized repair estimate from a licensed body shop, and (d) photographs of the damaged vehicle. Claims missing any of these documents will be held open pending receipt.
