Conditions and claim notification

AV-26-004507 | Rivermark Fabrication Works Ltd

1. Notification and preservation

Notify the demonstration claims team promptly, preserve the original evidence and record any emergency mitigation. Retain supplier invoices, dated photographs and records of prior maintenance where available.

2. Quantities and valuation

Estimate quantities, repair allowances, reserves and any eventual payment are different measures. A preliminary estimate or file reserve is not an agreed settlement. Any excess or deductible application is subject to the applicable terms.

3. Cause and scope

A photograph records an appearance at capture time. It does not by itself establish the cause, timing, ownership, concealed damage or legal responsibility. Alternative accounts and later revisions must be retained.

4. Correspondence

Quote the policy and claim references. This specimen contains no real payment instructions or contact details. All example email addresses use the reserved example.invalid domain.
